- Communication suits my needs perfectly. It is appropriate via home/school diary or if more sensitive or urgent by phone call. School deals with this very well. We are also well informed by letters and updates. I appreciate the actual paper newsletters.

- It was a very daunting time, you all made it so easy.
- Feels warm and welcoming- little family.
- Due to nature of disabilities transition was longer than normal.
- My son is due to leave this summer aged 19, he will have been at Pens Meadow from the age of 3. The school has always been excellent but in more recent years is a lot more focused on needs and help for the whole family.
- My experience was very positive, couldn't have wished for better.
- Great transition from Bromley. Teacher came to see my child and me before my child moved over.

9. Do you feel you are given sufficient opportunity to engage in your child's learning in school?

Yes: 21

No: 1

Comments:

- Would like to spend a few hours with you in class
- Evening activities for parents who work are rare
- Parents events or just have a general chat
- I would like more opportunity to see/work with my child in school. The courses school run aren't of interest to me so much, I would much rather spend time with my child are seeing the work and activities in class. I would also prefer the school to operate an open door policy and be more open to parent visits and to welcome this.
- School engages with us on a daily basis regarding learning.

10. Do you feel that you have opportunity to support your own learning and development in a welcoming and friendly environment in which you can meet others to talk and socialise?

Yes: 20

No: 1

Comments:

- Cannot go as much as I would like due to other child.
- Opportunities available for parents who don't work.
- I do not feel I have had opportunity to support my own learning, and feel at times that I am teaching the staff about my child. I feel the environment is mostly welcoming and friendly.
- I really enjoy the Family learning sessions and believe more parents would benefit from the chance to laugh/moan/be creative/be honest how tough life is/listen to others experiences of similar problems or issues.
- Thoroughly appreciate the Friday morning sessions, time to interact with other parents exchange advice and support each other. Also spending time in school makes you feel more involved and helps with getting to know everyone.
- Yes but not yet used the services.

Additional Comments:

- Would be good for parents to be able to have input in decisions such as new uniform.
