

UNCRC stands for the United Nations Convention of the Rights of the Child. It's a list of rights that all children have.

The rights are all the things that children and young people need in order to be happy, healthy and safe. At Pens Meadow, we are embedding these rights into our daily school life through working towards achieving The Rights Respecting Schools Award.

**We believe these are our most important rights:**

At Pens Meadow, we have the right to be safe.

At Pens Meadow, we have the right to a voice.

At Pens Meadow, we have the right to play.
