

## School Council meeting 16/01/2018 – 2.30pm

Present – Staff- Miss Appleton, Mrs Tolley, Mrs Kelly

Students- Sean P, Meghan, Zafran, Adam, Courtney W, Danyal, Matthew, Grace

### Purpose of meeting

Thomas B requested to attend the meeting as he had an issue he wanted to discuss

The meeting began by me informing members that the iPod that they had requested at a previous meeting has been purchased. I had the iPod with me. It had tried to be used at lunchtime but there seems to be still a few setup issues that need to be sorted. These issues will be addressed this week so hopefully it will be up and running by next week.

Next it was Thomas's turn to address the members with his issue. He reported that last week he had witnessed two students holding hands and kissing whilst in the sports hall during lunch break. Meghan stated that she had also witnessed this but hadn't said anything about it as she didn't want to get "in trouble". When questioned as to why this was an issue that needed to be discussed Courtney stated that when at school there should be "no kissing".

A discussions followed as to what we should do if we see behaviour that is not acceptable whilst at school. Sean said that we should talk to Mr Alma about the kissing which everyone agreed, when it was then posed to them that Mr Alma isn't always here they all agreed that they should report it to any staff member. Meghan said that staff may have seen the incident but didn't intervene to which I replied that maybe those members of staff were new and weren't aware of the no kissing rule so it's up to students to make them aware.

All council members were going to reiterate what is appropriate behaviour whilst at school to their form group following the meeting and Adam volunteered Maple class to create some posters during ICT time that can be displayed around school.

Meeting closed 2.49PM
