

## **School Council meeting 17/04/2018 – 2.30pm**

Present – Staff- Miss Appleton, Mrs Tolley, Mrs Kelley

Students- Callum, Meghan, Danyal, Hamza, Courtney W, Adam, Zafran, Laura B

### **Purpose of meeting**

#### **To decide if we would like to celebrate the upcoming Royal Wedding**

Initially members were asked if they had heard about an upcoming wedding, nobody had any suggestions as to who it might be. So I told them that it was going to be a Royal Wedding, after much thought Adam suggested that it was going to be the Queens wedding. I told him that it was a good suggestion but that she was already married and that it was going to be her grandsons wedding. Meghan was then able to tell the other members that it was Prince Harry that was getting married next month. A brief conversation followed about our Royal family.

Next members were asked if they thought that we should celebrate the wedding in some way. Laura suggested a party which seemed to please everyone. I then told them that the wedding was on a Saturday and obviously we aren't at school during the weekend. Meghan suggested that the party could be held the day before the wedding and everyone agreed.

When asked what they wanted at the party Danyal stated that he likes to dance so we would need music. Courtney said that cakes were always good to have at a party, she suggested we have a wedding cake! We discussed whether we should have a theme for the party, Meghan suggested wearing red white and blue as they are the colours on the flag of Britain. All members agreed this was a good idea and that we could also get some balloons/bunting in those colours too.

With the weather taking a turn for the better just recently the school council members were asked to decide where they might like the event to be held. Zafran suggested Willow which got a few nods, Adam said maybe outside which also got a few nods. So it was put to the vote as to where they would prefer to hold a party, outside won but obviously that will have to be weather dependant.

Members have been asked to produce an invitation/flyer to inform their peers of the upcoming event.

Meeting closed 2.49PM
