

School Council meeting 11/09/2018 – 2.30pm

Present – Staff- Miss Appleton, Mrs Tolley, Miss Price

Students- Thomas W, Callum, Karl, Owen, Laura B, Elliot M, Zara

Purpose of meeting

To introduce members and give a brief overview of their roles as school council members.

Members were initially asked to introduce themselves. I explained that we would be holding council meetings every other Tuesday afternoon at 2.30pm unless any matters arise that would mean that we needed to meet on a more regular basis. I told them that their role as school council members would be to help make decisions that would impact on school life for them and their peers. All members seemed happy and excited about their new roles.

Family Outreach had approached me prior to the meeting to state that they have had a request for some kind of performance to be put on by students as this is what happens at Ridge Hill with their Christmas performance. School council have been asked to decide what kind of performance this should be.

All members agreed that it would be a great idea to put on a performance for parents/carers to attend. A few ideas were discussed but the council members have been asked to take this item back to their form groups for further discussion and all ideas are to be brought to the next meeting. Owen stated that it would be a good idea to have the performance towards Christmas to “get everyone in the Christmas spirit.”

I also explained that it would be up to the school council to decide which charities we are going to support this year. This is another item that I have asked members to discuss further in their form groups before the next meeting.

Meeting closed 2.56pm
