

End of Key Stage Results 2017- 2018

All of the pupils at Pens Meadow School are working towards pre-national curriculum age expected standards due to the complex nature of their special educational need and disability. We therefore track the progress of pupils at Pens Meadow in relation to P scale targets, through an assessment system called DAPA (Dudley Agreed Progression and Attainment). Our judgements towards these targets are moderated both internally and externally to ensure accuracy. National benchmarking expectations are sought from the government 'Progression Guidance' material, although it is acknowledged that this material is now out of date following the implementation of the National Curriculum, 2014. In addition, individual ipsative (personal best) targets are set in each strand of English and Maths to ensure challenge and progression.
