

## **School Council meeting 08/01/2019 – 2.30pm**

Present – Staff- Miss Appleton, Mrs Tolley, Miss Price

Students- Thomas W, Callum, Karl, Owen, Zara, Morgan, Luke, Elliot M, Laura P

### **Purpose of meeting**

#### **To discuss fundraising ideas**

Following on from a previous meeting where students had stated that they wanted to spend some of their lunchtimes in a classroom accessing games, rather than going to the sports hall every day, it was suggested that the students could think of ideas to raise funds to contribute towards the purchase of new games. When asked how they might be able to contribute they were a little unsure.

I asked the council members if they were aware what a 'sponsored event' was. None of the members knew so I explained the concept of sponsorship to them and they all agreed that it was a good way to try and raise some funds. We then needed to think of an event that all students could take part in and be sponsored for.

Karl suggested a sponsored walk, which most members thought was a good idea. Morgan suggested going to Dell Stadium and using the exercise equipment that they had there. After some discussion between all members it was decided that a general sponsored 'sport' event would be held, this way students could choose whether they wanted to just do a walk, use the equipment at the Dell Stadium or participate in a form of sport at school in the sports hall.

When asked when they would like the event to take place Morgan said, "when it warms up!" All members agreed. As the focus at the minute with students is the upcoming performance of Cinderella Elliot stated that the event should take place after that.

We next discussed how the event would be promoted. Callum suggested putting posters up, Karl said that parents would need to be emailed. When asked how we would raise money Thomas stated that a form would need to be sent home for people to fill in and sign. (sponsor form)

Before closing the meeting, I told members that I would liaise with the relevant staff to get a date in the diary for the event and ensure that relevant information and sponsor forms would be sent home in due course.

Meeting closed 3.02pm
