

School Council meeting 26/02/2019 – 2.30pm

Present – Staff- Miss Appleton, Mrs Tolley, Miss Price

Students- Thomas W, Owen, Zara, Luke, Morgan, Karl

Purpose of meeting

To discuss Comic Relief

I presented the Council members with a copy of the fundraising pack for Comic Relief and asked if anyone knew what we might be discussing in today's meeting. Karl immediately recognised that it was Comic Relief, when questioned as to what their understanding of Comic Relief is Morgan stated that it is a charity. I explained that we would be fundraising for the charity and that they needed to think of some ideas of how we could raise money to send to Comic Relief.

Owen stated that everyone should wear something red as Comic Relief is also known as red nose day. Zara suggested making cakes to be sold on the day during break time. Morgan said that at his old school they had a game of pie face with the teachers, this got all the members talking and all seemed keen to do something similar. They decided that 'splat the teacher' would be a good way to raise some money! We discussed what we would use to 'splat' the teachers, there was mixed feelings on this matter so we decided that there would be options; shaving foam on a plate or a wet sponge.

Next, we needed to decide which teachers we would like to participate in the event. Straight away Owen stated "Sparkles" (Mrs Sparkes), he got very excited at the prospect! Karl suggested Mr Lees and Morgan thought Mr Pawlowicz. I explained that I would have to discuss it with staff and get their consent.

Finally, we needed to decide where/when the event could take place. Karl said it needed to be outdoors because it would be messy, everyone agreed with this. Owen suggested it could be held at break time but as Thomas pointed out not all students would be able to participate as there are some that go out into the community during the morning. Thomas suggested that if it were to be held at lunchtime then all students would be on site and able to join in if they wanted to, again everyone agreed with this point. I closed the meeting by letting the members know that I would speak to the relevant staff and try to organise the fundraising events that they had suggested.

Meeting closed 2.44pm
