

School Council meeting 07/05/2019 – 2.30pm

Present – Staff- Miss Appleton, Mrs Tolley

Students- Callum, Karl, Zara, Luke, Alfie

Purpose of meeting

To show members items that have been purchased using the money that they raised during the sponsored sports event that they organised.

Initially I asked members if they could remember what they had organised to raise some money for new items for them to use during lunchtime. Karl immediately stated that we had “that sport thing”. We discussed what different students had participated in during the event, some used the trampoline, and some played games in the sports hall whilst others went offsite to use local exercise equipment. All members agreed that it was a good day.

I informed them that the list of items that they had requested to buy using the money raised had been purchased and had also arrived. As a group we explored the items, all members were really pleased with them! Next we needed to decide where the items could be stored safely. Zara suggested Birch class as that is where the items will be used during a Wednesday lunchtime, Luke agreed but Callum didn't. Callum stated that if they were in Birch then the books may get ripped and pieces go missing due to the population of students in there during form times.

Karl suggested that they could go into Elm class, when questioned as to whether there was room to store them he said probably, so we all went to have a look. After investigating the free space available we decided that it wasn't practical to store the items in Elm class. Miss Price suggested the storage room inside Pine room. Callum and Karl went to look and said that there was ample space in there and decided it was a safe place to store the new items.

School Council members placed the items in the storage room and are responsible for collecting them before use and returning them at the end of the session.

Meeting closed 2.38pm
