Purpose of meeting

Introductory meeting

I welcomed all members and asked if anyone had been a member of a school council before, Katie stated that she had, but she was the only one. I explained that being a member of the school council is a very important role within school and that it comes with big responsibility. I told them that they all needed to be sensible young people as they would be making decisions on behalf of the school and their fellow students. I also stated that they would need to attend meetings on a regular basis, and at the meetings they would need to fully concentrate as they may be presented with tasks to take back to their peers or if not then they would need to give feedback as to what has been discussed during the meeting. All members were happy to agree to this.

I next explained that on Friday 27th September there is a sports person coming into school to visit. His name is Leon Baptiste, a former sprinter and boxer. Mrs Freeman has arranged the visit and would like some questions to ask him, so I have asked school council to complete this task with the help of their peers. The next meeting is arranged for Tuesday 24th September where members will feedback the questions they have thought of to ask Leon.
