

# Provision Newsletter

This half term's topic is:

'Come and Join the Celebration'

## Key Words

Celebration, light, sound, colour, festivities, friendships, families, community, faith.

## Visits Out

We'll be enjoying our usual opportunities, especially looking at displays related to celebrations. Red Class will enjoy a weekly visit to Forest School.

## Science

We will be exploring light sound and colour, with an excellent starting point of fireworks we'll investigate what happens around the world due to the Earth moving. We'll also think about different kinds of colours and how light reflects.

## Humanities

This term is an RE based topic. We will be looking at how different religions celebrate so this will involve looking at Diwali, Christmas and Hanukkah. The whole school will visit Holy Trinity church to join in with the Christmas tree festival.

## Technology/Art

Food Technology: we'll be making different celebration foods which, in the main, will be linked to our topic so food from different religious celebrations.

Art: Our focus will be using clay and modelling materials to make different 3D models and different types of decorations.

## PSHE

This is the first time we will be looking at our new RSE curriculum we'll be exploring relationships, families and friendship groups. There's going to be role play opportunities when we look at marriage and weddings—look out for the Instagram photos.

## Home learning

It's that time of year when there are lots of Christmas activities available on line—why not follow instructions to make something—if it's edible school staff are always happy to try a sample! If possible try to visit some of the local towns to look at their seasonal lights—we do try to visit but don't get the full effect during the day.

We are keen to hear about how pupils engage with each topic at home. Please send notes and photographs into school
