

# Provision Newsletter

This half term's topic is:  
'Houses and Homes'

## Key Words

House, home, community, village, Easter, door, window, To model, soft, hard, rough, smooth, help, film

## Community Engagement

We'll be enjoying our usual opportunities plus visiting different kinds of buildings. We hope to include a whole day visit to Avoncroft museum to look at homes through the ages. Blue Class will enjoy a weekly visit to Forest School.

## Science

We will be sorting and describing materials and deciding what materials are best for different purposes. Starting with hard and soft we hope that we will learn and use lots of new descriptive words in our predictions and experiments.

## Humanities

This term our topic is history based. We'll learn about the Ancient Greeks, the myths and legends, what they wore and where they lived. There's also sure to be some food involved.

## Technology/Art

Food Technology: we'll be making different foods linked to how Easter is celebrated around the world.

Computing : we'll be using technology to make our own animation film

Art: Our focus is 3D modelling, planning and making different buildings—be

## PSHE

Our focus is helping our community - the pupils will choose a project and carry it out. We'll be thinking about how our work links to two of the Global Goals for sustainable development as part of our work towards being a Rights Respecting school

## Home learning

Spend some time using Google maps—can you child find your home, and the homes of friends and relatives or some favourite places to visit?

Join in with making different Easter crafts—we'd love to see photos of Easter bonnets.

We are keen to hear about how pupils engage with each topic at home. Please send notes and photographs into school
