This half term's theme is:

'This is Me'

Key Words

Toilet, change, choose, want, help, pain, people, friend, family, like, dangerous, drink, how are you?

Community Engagement

Weather permitting, we will be spending time in local outdoor spaces such as parks, Himley, Baggeridge, and of course, weekly visits to Forest School: this term it's Purple Class' turn.

Physical Development

Weekly PE sessions will continue, this term, we will focus on Dance.

We will be taking full advantage of the playground to get our bodies moving.

Pupils who have a Physio plan will spend time working towards their targets to improve flexibility and increase muscle tone. Pupils will be able to enjoy Sensology and TACPAC in order to focus on their bodies and their senses.

Expressive Arts

In Art we will be practise fine motor skills as we focus on learning how to draw using different mark-making tools.

In ICT we will explore cause and effect equipment to learn how things work.

Some pupils will enjoy Music sessions with Del.

PSED

We will be thinking about people who are special to us: family, friends and teachers at school

Understanding the World

In Science, and RE, we will be learning about ourselves and our senses

Geography lessons will focus on our surroundings, such as our classroom, school and the local outdoors environment.

Home learning

Use different things to practise your drawing skills: you could pick up twigs from the garden or the park, dip them into paint or even squashed berries, then draw with them. Maybe use your fingers to make marks in cold custard or yogurt!

Think about your 5 senses: smell, taste, touch, hearing and sight. You could make a collection of your favourite textures, foods or songs.

We are keen to hear about how pupils engage with each topic at home. Please send notes and photographs into school.
