## Addendum to Covid-19 Risk Assessment

---

1/11/2021

Staff Responsible: Michal Pawlowicz

## 1. Context

This Addendum to the Covid-19 Risk Assessment is based on the [contingency framework for managing local outbreaks](#) of COVID-19, provided by the Department for Education (DfE). Additional measures outlined below have been agreed following recommendation from PHE.

At the time of creating this addendum, there have been 5 live cases of Covid-19 amongst staff only:

- 2 cases in Red Class
- 1 case in Green Class
- 2 cases amongst Core SLT

## 2. Additional Infection Risk Reduction Measures

In accordance with Covid-19 Contingency Plan the school liaised with Dudley Public Health and agreed the following measures:

- face coverings to be worn by staff in communal areas as well as at arrival and departure times
- staff are encouraged to keep the social distance from each other wherever it is practicable
- all areas of school must be well ventilated
- each classroom should monitor the CO2 levels to ensure appropriate ventilation
- staff and pupils are encouraged to keep very good hand hygiene
- additional posters of 'Catch it, Bin it, Kill it' will be placed around the setting.

Should there be an increase in number of cases at school, the Senior Leadership Team will liaise with Dudley Public Health and may further increase or change implemented infection risk reduction measures.

## 3. Timescale

Additional Measures mentioned above will remain in place until such time, when the school has not recorded additional positive cases for a period of one week.

## 4. Review

This addendum will be reviewed when a significant change in a number of cases occurs or after the period of one week without new cases.
