Family Outreach Induction Survey 2021

This survey was completed by 13 out of 18 Parents and Carers from both sites who started in September 2021.

**FAMILY
OUTREACH**

I would like to say thank you very much for all your help and support

All our concerns were listened to and solutions found. We were parents who were extremely apprehensive about sending our child to school. We were made to feel at ease and would recommend the school to others.

I loved it when staff came to our home to introduce themselves

Everything was explained very well and it is also all in the induction pack

Very happy with the whole process, especially during the whole Covid difficulties.

A few items were not sent back in the bag

My son loves it at Pens Meadow everyone is really helpful and they meet his needs. All the staff are great and have a great understanding of him
