

Feedback from 2021 Post 14 Year 3 Leavers

You really don't know what you have lost until it has gone. We would be back in a heart beat wish she could stay till she was 25

Brilliant supportive school. Sally from Outreach was amazing. I wish he could have stayed. The communication was excellent

He had such great times and memories, not one complaint. A wonderful Head, wonderful staff. We were so very lucky the school do an amazing job

Pens Meadows, were an absolute joy to work with. They are so child focused and have such care for the young people, it's been such a pleasure.

Pens Meadow was a saviour. After a disrupted period, she stayed in school every day and was never sent home. We worked so well together

The communication could be hit and miss at times but we never had any problems

I wish I could turn back the clock to three year's ago and it was his first day at Pens Meadow all over again. It is a wonderful school.

I really cannot find fault with Pens Meadow the last assembly was so emotional to say goodbye after so many years. I cannot stress enough what an amazing top-notch School it is.

I will always look back on this as it being the best education placement in my daughter's life-time. Staff understood her and were not phased by behaviour you embraced the person and she thrived within the Pens Meadow environment

Although he is happy at his new placement, he keeps signing Pens Meadow

I would advocate for Pens Meadow as a school any day I am always telling people how amazing it is. I still go on the website as I love to see what everyone is doing

We will always look back on the time spent at Pens Meadow with fondness. The staff were very good and we cannot wait for an event where we can come back and see everyone again

Sue helped my family and we are doing well

My son is waiting to come back to an event as he has remembered being told he can

There is nothing out there that is like Pens Meadow.
