The SEN coordinator at Pens Meadow is the headteacher: Marie Hunter

This information is based on the requirements set out in schedule 1 of the SEN and Disabilities (SEND) Regulations 2014, paragraphs 6.79 – 6.81 of the SEND Code of Practice and Children and Families Act 2014

At Pens Meadow School we strive to support all children to enable them to achieve at school and beyond. We aim to support and empower young adults who will leave us able to succeed in the world outside school.

In order to do this many steps are taken to support them through their learning journey. Quality, ambitious and challenging teaching is vital; however, for many children there are occasions when further additional support may be needed to help them achieve their potential.

The Local Offer was first introduced in the Green Paper (March 2011) as a local offer of all services available to support disabled children and children with SEN and their families. This easy to understand information sets out what is normally available in schools to help children with lower-level SEN as well as the options available to support families who need additional help to care for their child.
