OCR Life and Living Entry Level 1 and 2

Aim Awards Entry 1 and 2

Registrations procedure

All students who attend Pens Meadow Post 16 have a special educational need or disability. A placement at Pens Meadow can only be agreed if an Education Health Care Plan (EHCP) is in place. This document contains a range of information about a student including first name, surname, date of birth, postcode and ULN. An EHCP is a legal document issued by the local authority.

At the beginning of each academic year each student's parents or carers are required to complete a student update form confirming the personal information that is held within school.

Recognition of Prior Learning policy

Recognition of Prior Learning (RPL) and transfer of credit exist to enable students to avoid duplication of learning and assessment. Students may claim RPL or transfer of credit against a whole unit or several units. A maximum of 70% of a qualification can normally be achieved through equivalency (credit transfer). At least 30% should be gained through new learning.

Credit Transfer

This allows for previously accredited achievement from within the Qualification and Credit Framework (QCF) to count towards another qualification, where it is allowed as an equivalency within the new qualification, or where the student has already achieved unit(s) belonging to that qualification. This is possible when the rules of combination for the qualification allow for equivalent units or the learner has completed units from within the qualification previously.

The potential for a learner to undertake RPL or credit transfer relies on the teacher or assessor carrying out effective initial assessment of learners to establish their previous qualifications and experience. At Pens Meadow this forms part of the transition discussions with previous teachers from feeder secondary schools. Eligibility will be checked by the teacher/assessor.

1. The Learner will provide evidence of qualifications and units achieved (not required where previous credit achievement was from AIM Awards) Evidence: Original certificates
2. The Course Tutor/Assessor must complete an RPL and Credit Transfer Form, have it countersigned by the Internal Verifier and submit it to their AIM Awards Customer Support Officer Evidence: RPL and Credit Transfer Form
3. Verified signed copies of the certificates should be presented alongside the RAC as evidence to the EV or Approved Internal Verifier for final approval Evidence: Verified copies of certificates, RAC

Recognition of Prior Learning is a process of assessing and validating learning or achievement that has not been certificated or accredited previously towards the qualification being studied. Qualification achievement from outside the QCF can be submitted via an RPL claim (Exemption). RPL is a negotiated process between learner and Assessor and the learner must provide evidence of prior work, learning or achievement to fully satisfy the assessment criteria.

Equality Legislation

All centre staff must ensure that they meet the requirements of any equality legislation. The centre will comply with the legislation, including making reasonable adjustments to the service that they provide to learners in accordance with requirements defined by the legislation, awarding bodies, and JCQ. This is the responsibility of the SLT and Accreditation Officer.

Disability Statement

A person has a disability if they have a physical or mental impairment that has substantial or long term adverse effects on their ability to carry out every day activities (Equality Act 2010).

At Pens Meadow School we are committed to the provision of equal opportunities for all students, staff and parents as outlined in the Equality Act 2010. The Disability Statement in relation to accreditation aims to ensure that every student who has additional needs will be supported.

To ensure we meet our commitments we follow the following statements:

- All work rooms are accessible.
- There is an appropriate toilet near or in all of these areas.
- Emergency evacuation procedures are appropriate for all learners and risk assessments are carried out as appropriate.
- All areas have had internal risk assessments carried out.
- Any specialised equipment will be provided
- Any complaints made by learners or parents/carers should be directed in the first instance to the Accreditation Officer who will initiate an enquiry.

Access Arrangements

As an SEN school, all of our pupils will have an Education Health Care Plan (EHC Plan) and so will need access arrangements in place to complete tasks/assessments. Such arrangements are clearly detailed in Section E of the plan.

Reasonable Adjustments and Special Considerations

Reasonable Adjustments

These are adjustments made to an assessment for a qualification so as to enable a learner to demonstrate their knowledge, skills and understanding. The nature of any reasonable adjustment depends on the learners particular requirements, the qualification and assessment methods and may not be appropriate if the learners particular difficulty directly effects performance in the attributes being assessed.

Special Considerations

This is consideration given to a learner who has temporarily experienced an illness or injury, or some other event outside of their control which has had or is reasonably likely to have had an effect on their ability to take an assessment or on their level of attainment.

Initial Assessment of Learners

Pens Meadow School ensures that learners are provided with the correct information and advice on their chosen qualification and that the qualification will meet their needs. We assess the suitability of each potential learner and make appropriate professional judgments about the learner's potential to successfully complete the assessments and achieve the qualification at the chosen level. This process is carried out in conjunction with KS4 staff, Connexions and parents.

As part of this process we may identify that a learner will require support or reasonable adjustments to be made to enable them to be assessed fairly. In some cases we may identify that the learner may not be able to demonstrate attainment because their particular difficulty directly effects performance in the attributes being assessed.

Reasonable adjustments for non-examined qualifications

For qualifications with internally assessed assessments that are not taken under examination conditions learners may provide evidence that they meet the specified assessment criteria in any way that is valid, unless the qualification or unit requires a certain type of evidence.

For these types of qualifications reasonable adjustments will be identified, chosen, approved and implemented by teachers, with approval by our Internal Verifier.

Reasonable adjustments at Pens Meadow School that can be made for these types of qualifications include:

- changing the assessment method, for example from a written assessment to a spoken assessment
- adapting assessment materials, such as providing materials in Communicate in Print
- providing assistance during assessment, such as use of Makaton or a reader or a scribe
- using assistive technology, such as use of AAC, adapted keyboards
- assessment material in enlarge format
- use of ICT to present responses

For all reasonable adjustments we ensure that the adjustments made:

- enable the learner to meet the specified criteria at the required level
- do not give the learner an unfair advantage
- meet the requirements of the specifications regardless of the process or method used
- are as rigorous as assessment methods used with other learners
- are able to be moderated or verified
- are appropriate for the learners and their normal way of working

Malpractice

Malpractice is defined as any deliberate activity, neglect, default or other practice that compromises the integrity of the assessment process, and/or the validity of certificates. Malpractice may include a range of issues from the failure to maintain appropriate records or systems to the deliberate falsification of records in order to claim certificates.

Failure to deal with identified issues may in itself constitute malpractice.

The head of centre in consultation with accreditation officer are responsible for investigating suspected malpractice. Please refer to the Malpractice Policy.
