

Induction Feedback – Post 14

It was useful for my child to have transition sessions to prepare them for moving from Ridge to Post 14.

I feel valued and welcomed as a parent.

I am 100% happy with how the induction was handled. Nothing could have been improved. Everyone was so welcoming to my daughter, nothing is too much trouble. It is like a big family.

It has been an amazing transition from Ridge to Post 14....My son is so happy.

It was wonderful he was so excited, and he was given regular opportunities to explore his new environment.

Everyone is so kind and caring. Thank you everyone at Pens Meadow for making my daughter's life so amazing,

It was a very good induction my daughter is so happy. It took a while for the transport to work properly.

I have had lots of support from Family Outreach

The induction was suited to our son's needs and abilities.

My daughter enjoyed every minute of her induction. It seems like she has been there forever. I can't believe how well she has settled in and how amazing the staff are with her.
