

2022 Feedback from Post 14 Leavers

Having Family Outreach there every step of the way was amazing!

The support that was given through Covid was amazing. We had two calls a week asking how we all were. There were also lots of doorstep visits and items that would help us being delivered.

I was always kept informed and up to date. How the school managed Covid was amazing we felt so supported with the calls and the visits.

When it came to transition, I was hand-held every step of the way and given so much guidance.

We think we miss it more than he does. He still talks about it. We cannot give enough praise about Pens Meadow. We dropped on our feet the day we found it 14 years ago. It was fantastic we were over the moon with everything that Pens Meadow did.

Pens Meadow was an amazing environment. There were so many activities for families to be part of. It was like a big happy family. It was amazing to have an Outreach Team who could give advice and support. We had never had anything like that before. We felt like the whole family were involved and welcomed.

Post 14 was a wonderful 'step-up' to college. She would not have been ready to go there from school, but the time spent at Post 14 prepared her well. She has grown so much during her time with you. Pens Meadow was such a lovely environment all the staff were so friendly. I used to come on my own to all the events and I did not have to worry about this. Everyone would speak to you. The support that staff gave during Covid was amazing with calls and visits.

Pens Meadow was an amazing experience. Whenever she forgot things, staff would always remind her. They cared about the whole family. My other daughter had an operation, and I had a call to see if we were ok and needed anything. That really touched me that you would do that.

Pens Meadow will forever hold a special place in my heart!

Whatever you could say that is good about Pens Meadow I would agree with it. I judge an environment by how happy my son is, and he was so happy there. All the staff were wonderful. We want to come back and see you soon, as he keeps asking to visit.

Pens Meadow is the very best example of what a school should be. The experience that she has was just right at that time. She had the very best of experiences. Vicki Evans made the best lemon drizzle cake there is.
