SENCO
The SENCO at Pens Meadow School is the headteacher, Mrs Marie Hunter

Pens Meadow School is committed to:

- providing a secure, enjoyable and stimulating learning environment which will enable pupils to realise their potential as individuals in society;
- providing equal access to a broad and balanced curriculum which:
  - meets statutory requirements;
  - reflects the cultural diversity of society;
  - meets the needs of all pupils;

- develops skills for independence and a pathway for an active role in society
- maintaining close contact with the home: making parents welcome in the school and to enable them to play a full part in the education of their children.

Admissions

The school is currently commissioned for up to 140 pupils, from reception – Year 14, stated as having severe, complex or profound and multiple learning difficulties. All admissions are received by referral from the LA. All pupils should have an EHCP on admission. The pupils are funded according to Pens Meadow allocated Resource; this is decided by the LA. All funding received by school is directly linked to the number of pupils. In addition the school has a fifteen place nursery, Mini Meadow for nursery pupils aged 3 and 4. These pupils may have an EHCP, or may be in the process of being assessed for an EHCP.

Safeguarding

The school recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers can include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.
- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionally impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.
- A different cognitive understanding and being unable to understand the difference between fact or fiction in online content.

The headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

School staff will be particularly alert to the potential need for early help for pupils with SEND and additional needs.

The governing board and headteacher will ensure that pupils with SEND are taught about how to keep themselves and others safe including online. The school will ensure that teaching of safeguarding is tailored to the specific needs and vulnerabilities of pupils with SEND.

Any reports of abuse involving pupils with SEND will involve close liaison between the DSL and the SENCO.

Reviewing EHC plans

The school will ensure that teachers monitor and review the pupil's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.
- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Lead the review of the EHC plan to create the greatest confidence amongst pupils and their parents.
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made regarding the EHC plan.
- Where possible for LAC, combine the annual review with one of the reviews in their care plan, in particular the personal education plan (PEP) element.
- Where necessary, provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

- Review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another.

If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary.

Supporting successful preparation for adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early, centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Seek to understand the interests, strengths and motivations of pupils and use this as a basis for planning support around them.
- Support pupils so that they are included in social groups and develop friendships.
- Ensure that pupils with SEND engage in the activities of the school together with those who do not have SEND, and are encouraged to participate fully in the life of the school and in any wider community activity.
- Engage with secondary schools, as necessary, to help plan for any transitions.
- Ensure that the EHC plan review includes a focus on preparing for adulthood, with additional focus on transition and preparing for adulthood from Year 9 onwards.
- Build transition planning into the revised EHC plan to identify appropriate post-16 pathways for higher education and employment, and support preparation for independent living, maintaining good health in adult life and participating in society.
- Seek partnerships with employment services, businesses, housing agencies, disability organisations, and arts and sports groups, to help children understand what is available to them as they get older, and what it is possible for them to achieve.
- Engage with FE providers as necessary to help plan for any transitions.
- Ensure pupils from Year 8 until Year 13 are provided with independent careers guidance.

The school's Careers Policy details how the school will fulfil its statutory duties under section 42 of the Education Act 1997 and work with pupils with SEND to ensure they are prepared for the workplace.

Accessibility Strategy and Plan

The Special Educational Needs and Disability Act 2001 and Equality Act 2010 require that every school has an 'accessibility plan' in place. Schools are required to plan, over time, to

- Increase the extent to which disabled pupils can participate in the curriculum

- Improve the physical environment of the school
- Improve the accessibility of information that is provided in writing to non-disabled pupils.

As all the pupils at Pens Meadow School have SEN and many are disabled, the School Improvement Plan includes accessibility issues with regard to provision and the environment. The School Improvement Plan is written in consultation with the Senior Leadership Team, Staff, Governors and the LA. The plan is continually reviewed. It takes account of external and internal factors impacting on the progress and achievement of all pupils in the school and is monitored and evaluated by the Headteacher, Governors, Senior Leadership Team and School Improvement Partners.

Provision

All pupils have an Individual Education Plan indicating the precise targets to be worked towards over the coming term, derived from the objectives set in their EHCP. The plan is a working document, as a minimum it is evaluated and updated termly. The IEP is set and agreed with parents and other professionals at the annual review meeting, in accordance with the SEND Code of Practice. These targets are worked on in the context of all provision delivered.

A personalised approach to pupil development is implemented which ensures that all teaching is appropriately adapted and that pupils are making the best progress and achieving standards, which reflect their potential. Equal opportunities practice within the school aims to avoid discrimination against any pupil or parent on the grounds of gender, race, religion, ability or disability, and to promote positive attitudes.

All pupils, regardless of the level of disability, have a right of access to all facilities and resources of the school. Classroom activities and educational visits are planned so that they are relevant to all pupils within the group, whatever their disability. A wide range of enrichment experiences are offered, so that every pupil has access to these experiences capable of meeting their needs, on a number of occasions during their school career.

Staffing

The governors are responsible for ensuring that the school is staffed sufficiently and effectively. There is an induction policy in place, which ensures that staff are fully informed of school policy and practice. There is a professional development plan, which ensures that all staff receive relevant and appropriate training. It is the governors' aim to maintain a balanced variety of expertise within the school.

Teachers from the service for hearing and visually impaired pupils offer advice and regular monitoring of pupils, the educational psychologist supports staff on request, and particularly in relation to development of behaviour strategies. The speech and language therapy service provide an assessment, monitoring and advisory role in relation to pupils' communication development, and any specific difficulties that arise.

We have a team of health staff based in school including children's nurses and learning disability nurses. We support and facilitate school based clinics for paediatricians, CAMHS and dieticians.

Physiotherapists visit school regularly to offer advice on physiotherapy programmes and to monitor the on-going appropriateness of aids used by pupils. Occupational therapy advice is also available when required. School employ a Family Support Team to offer support to parents and families

Staff training and improving practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided and delivered in line with the school's CPD and Training Policy.

The school SENCO will assess staff competencies and ensure that CPD provision allows staff to develop their awareness, skills, and practices in identifying, educating, and assessing pupils with SEND.

Parents as Partners

Pens Meadow School recognises that we cannot deal with our pupils needs totally, and that we need the involvement, opinion and knowledge of parents. We aim to create a partnership between parents and the school. Parents are encouraged to take an active interest in their child's education, and during admission processes to school a home visit takes place by identified health staff, class staff and family support. Parents are also involved in discussions about short-term targets for their child and the school holds regular parents' meetings.

Regular liaison with parents occurs through the home-school diary and is supplemented by phone calls where necessary. Additionally, parents are encouraged to visit school to discuss concerns with appropriate staff or the Headteacher, to support the work of the school generally and for workshops led by outside agencies. Families are encouraged to attend our social events

Pens Meadow has achieved the Leading Parent Partnership Award.

If parents feel that their child has been discriminated against, they are encouraged to discuss their concerns with the Headteacher in the first instance. If they continue to be concerned, they are encouraged to contact the governing body of the school. If discussions with the governing body are not satisfactory, they should discuss their concerns with the Children's Services Manager at the LA.

Use of data and record keeping

All information about pupils will be kept in accordance with the school's Records Management Policy and Data Protection Policy.

The school's records will:

- Record details of additional or different provision made under SEND support, with accurate information to evidence the SEND support that has been provided over the pupil's time in the school, as well as its impact, e.g. through the use of provision maps.
- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information system to monitor the progress, behaviour and development of all pupils.
- Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
- Be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable.

The school keeps data on the levels and types of need within the school and makes this available to the LA and Ofsted.

Confidentiality

The school will not disclose any EHC plan without the consent of the pupil's parents, except for specified purposes or in the interests of the pupil, such as disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children.
- To Ofsted inspection teams as part of their inspections of schools and LAs.
- To any person in connection with the pupil's application for students with disabilities allowance in advance of taking up a place in HE.
- To the headteacher (or equivalent position) of the setting at which the pupil is intending to start their next phase of education.

Publishing information

The school will publish information on the school website about the implementation of this policy.

The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

The SEN Information Report will be prepared by the governing board and will be published on the school website. It will include all the information outlined in paragraphs 6.79 and 6.83 of the 'Special educational needs and disabilities code of practice: 0 to 25 years'.

Joint commissioning, planning and delivery

The school will work closely with local education, health and social care services to ensure pupils get the right support.

The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

The school will draw on the wide range of local data sets about the likely educational needs of pupils with SEND to forecast future needs, including:

- Population and demographic data.
- Prevalence data for different kinds of SEND among children at the national level.
- Numbers of local children with EHC plans and their main needs.
- The numbers and types of settings locally that work with or educate pupils with SEND.
- An analysis of local challenges or sources of health inequalities.

The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for pupils with SEND.
- Increasing the identification of pupils with SEND prior to school entry.

Where pupils with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

Local Offer

The school's governing board will collaborate with and support the LA in developing and reviewing the Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative**: Where appropriate, the school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- **Accessible**: The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised.
- **Comprehensive**: The school will help to ensure that parents and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes

eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.

- **Up-to-date**: The school will work with the LA to review the Local Offer to ensure that, when parents and pupils access the Local Offer, the information is up-to-date.

The school will provide the LA with information about their existing SEND provision and capabilities to support pupils with SEND to aid in the drafting of the Local Offer, where required

Monitoring and review

The policy is reviewed on an annual basis by the headteacher in conjunction with the governing board; any changes made to this policy will be communicated to all members of staff, parents of pupils with SEND, and relevant stakeholders.

All members of staff are required to familiarise themselves with this policy as part of their induction programme.

Managing complaints

The school will publish the Complaints Procedure Policy on the school website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice, regardless of whether an EHC plan is in place.

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution.
- Mediation.
- Appeals to the SEND Tribunal.
